

'Statement of Integrity'

Asian University for Women (AUW) recognizes the utmost importance of upholding absolute integrity in the process through which candidates for admission are selected and scholarship awards are made. Any internal or external influences in determining admissions or scholarships decisions are deleterious to the mission and goals of AUW. Unless specifically authorized by the Vice Chancellor on individual special cases, the Admissions and Finance teams are prohibited from deviating from objective decisions based on merit and financial need in accordance with standards already established. In an effort to effect complete adherence to this policy, we ask the entire admissions team to sign the following confirmation with respect to each admitted student. In cases where there may have been any internal or external influence in AUW's decisions, the Admissions Office must document the case and get the personal approval of the Vice Chancellor.

CONFIRMATION

Name of Admitted Student

The undersigned officers and staff of the Admissions Office hereby confirm that the above-named student's application for admission to AUW was in its entirety based on an objective evaluation of the application in accordance with the policies and programs of AUW, including special initiatives and affirmative action programs. No member of this office has in anyway affected the outcome of the decision to admit to AUW or in the determination of financial aid awarded to the above-named student.

Signed:

1. Director of Admissions
2. Director of Recruitment
3. Director of Finance
4. Any others
