

Upper Primary Teachers Training Program in Collaboration with UNICEF

MA in Education program is collaborating with UNICEF to run the Upper Primary Volunteer Teachers Training Program in the Rohingya Refugee camps. At the heart of this initiative are 16 dedicated Trainers-all graduates of AUW's MA in Education Program who are leading the training of over 1000 grade 3-5 educators. These Trainers are equipping volunteer teachers with essential pedagogical, subject-specific, and professional development skills to enhance learning in the camps. Together, we are committed to shaping brighter futures for learners in the camps.
